

# Canine Kennels of Clarence Daycare

## Agreement

I \_\_\_\_\_ have provided documentation that my pet(s) have been given the proper vaccinations needed for daycare. And understand and agree to the following:

- Dogs : Rabies(1 or 3 yr) , DHPP( 1 or 3 yr) , Bordatella ( 1 yr)

- Daycare dogs must not show any form of people or dog aggression. For the safety of our staff and other clients a dog may be denied coming to daycare if aggression is shown.
- A daycare attendant reserves the right to remove any dog showing aggressive or disrupting behaviors from the daycare group.
- I also agree that pets in Daycare can sometimes receive minor scrapes or cuts if playing outside in the yard , playing with others, or from pre existing allergies or issues. They will be treated as deemed best by the staff at CKC . I ( the pets owner) also assume full financial responsibility of all expenses.
- I the owner understand that coming to daycare puts my dog at higher risk of contracting Kennel Cough or parasites. While all our dogs are vaccinated for bordatella, just like the human flu different strains can still affect your dog. CKC is not at fault and you the owner accepts any financial responsibility for medical treatment.
- The staff at CKC reserves the right to be honest and upfront about your dog's behavior or health. If we find something concerning we will bring it to your attention and this may or may not affect your dogs future eligibility in daycare.
- In the event of an Emergency , I can be reached at #\_\_\_\_\_. It is agreed should I be unavailable , the secondary contact to make all decisions will be \_\_\_\_\_. CKC is authorized to seek emergency vet care as necessary, costing up to \$\_\_\_\_\_ or no limit and will be fully reimbursed within 5 days of incident.
- In the event your dog is in an altercation with another dog. The dogs will be seperated and owners called. If a dog needs medical care you the owner assume full financial responsibility provided a daycare attendant was in the immediate vicinity of the altercation and proper procedures were followed.

- If your dog is acting sick during daycare we will separate them and call you the owner. They may not be put back into the group depending on the issues that have arisen.
- If your dog had a previous injury or illness that prevented them from coming to daycare, to return we would need a note from your vet stating they are physically able to return to their normal daycare routine.
- In the event of an emergency if you are unable to be reached we will take your dog to your vet ,the closest open or after hours Greater Buffalo Emergency Vet. Those will be used if we can not get in touch with you.
